

Resume

[Your Name] [City, State] | [Phone Number] | [Email Address] | [LinkedIn Profile] | [Portfolio Website]

Objective

Self-taught, highly motivated, and quick-learning front-end web developer with a solid foundation in web technologies and programming languages. Seeking an entry-level front-end development role where I can apply my skills in HTML, CSS, JavaScript, React, and problem-solving to contribute to dynamic projects while continuing to grow as a developer.

Skills

Programming Languages & Technologies:

- HTML5, CSS3, JavaScript (ES6+)
- React.js (including Hooks)
- Node.js (familiar)
- Framer Motion (animations)
- Some experience with Java

Web Development Skills:

- Responsive Web Design
- RESTful API integration
- Component-based UI design
- Cross-browser compatibility
- Version control using Git/GitHub

Soft Skills:

- Strong problem-solving abilities
- Quick learner with a passion for new challenges
- Excellent communication and teamwork skills

Education

Associate's Degree in Computer Science

[College Name], [City, State]

Graduated: [Month, Year]

High School Diploma (Junior Year Completed)

[High School Name], [City, State]

Completed through junior year before transitioning to self-teaching

Projects

Portfolio Website

A personal portfolio showcasing various front-end projects I have developed.

- Built using React.js, CSS3, and Framer Motion for animations.
- Integrated contact forms with third-party email services.
- Responsive design ensuring usability across devices.

Weather App

A dynamic web application that fetches real-time weather data from a public API.

- Developed using HTML, CSS, JavaScript, and React.js.
- Utilized Axios for API calls and handled asynchronous data fetching.
- Implemented user-friendly UI with clear weather displays.

Task Manager

A simple yet functional task management app.

- Built with React.js and local storage for persistent data.
- Features include adding, editing, and deleting tasks.
- Designed with a clean and intuitive user interface.

Experience

Freelance Front-End Developer

[Your City, State] | [Start Date] – Present

- Worked on small projects for local clients, including personal websites and landing pages.
- Gained experience in client communication, requirement gathering, and delivering polished products.
- Ensured responsive design and performance optimization for all projects.
